SKILLS

Proficient with HTML, CSS

Adaptable to new work
environments

Dependable

A continuous learner

EXPERIENCE

Farmhand

2020 - Present

Key responsibilities: feeding livestock, cleaning horse stalls, lifting and cleaning hay and sorting it as well

Working as a farmhand has made me stronger both physically and mentally, learning the virtues of persistence through exhaustion. Backbreaking toil and lengthy days have taught me the necessity of being strong in work ethics and that growth comes through persistence.

Website Internship

Oct 25 – Dec 20 2024

As the developer, the bulk of my time was occupied writing code to ensure the website was fully operational according to the client's vision. I brought life to the vision through seamless integration of online features that made every feature operational and smooth to satisfaction.

EDUCATION

The Center for Advanced Research and Technology (CART) – Web Applications 2024 – 2025

Clovis North High School 2022 – 2026

Graduation Date – Jun 4 2026

Leadership

I will create a warm and welcoming environment, always ready to help my colleagues when needed. I'll be a valuable team member, stepping up to lead when necessary and resolving conflicts to keep things running smoothly.
